

Major works ending at netball club

Developments to the tune of more than \$1 million are due to be completed at the Howick Pakuranga Netball Centre.

The centre now boasts a new ablution block and first aid room thanks to extensive fundraising.

It means St John can base themselves on-site and have emergency vehicle access.

The club has undergone major renovations over the past year-and-a-half including the current work in the main hall and downstairs can-

teen area. A new roof was a priority and the centre was able to add a mezzanine floor.

The hall will open onto sheltered decks that will give spectators a view over a number of courts.

How it's done: Julie McDonald, left, and Iwi Courtney show five-year-olds Anihera Courtney and Jordan Mathews the basics of netball in front of the newly renovated Howick and Pakuranga Netball Club. Photo: PIP BOURKE
